**Daily Report**

Here are [today's photos](#), and a few quotes and events from our tour of Philadelphia, Valley Forge and Amish Country:

- Quote by everyone: "People in Philadelphia are more friendly than New Yorkers!"
- Kay (Betsy Ross look-a-like Philly Tour Guide): "Philadelphia means City of Brotherly Love in Greek."
- Scout Master Kevin Later: Best Rocky Impersonation - "Yo Adriane ..."
- Greg Hopkins won the Troop race to the top of the art museum steps to become our Troop Rocky of the Day.
- "Red Robin" - Older scouts code for, "check out that cute girl over there;" typically followed by a chorus from those who agree, "Yuuuum!"

- On a similar note, Collin was bold enough to ask Tour Guide Kay, "Do you have any grand daughters?" She was quick to say "No !!!"
- Everyone - "Philly Cheese Steaks are heavenly!"
- During the bus ride to Valley Forge, Chandler took up a collection of pickle spears, and the Troop later chanted "Conner-Conner-Conner" as he set a Jamboree Record by eating 26+ pickles. Fortunately (for you), the video files are too large to send back for the web site.
- On a more serious note; Aaron was recognized today as the "Scout of the Day" for his good turn in choosing to give his lunch to our bus driver Bob."
- Our scout of the day yesterday was Assistant Senior Patrol Leader Brandon, who saw the troop was short one water bottle during lunch and gave his to another scout in need.
- We closed today with an Amish Dinner at the Plain & Fancy Restaurant, and a multi-media show about the Amish way of life. We heard Ryan Later (one of our younger scouts) say to no one in particular, "This is so cool!" His comment represented the feelings of many of the scouts and leaders.

Hope this makes for a fun Web Site update!

Regards,

Dave Wilson
